

ORGES KOKOSHARI

CG GENERALIST / LOOK-DEV, LIGHTING & CHARACTER ARTIST

New York, NY | orgesk@gmail.com | orgeskokoshari.com | linkedin.com/in/orgeskokoshari | imdb.com/name/nm14774822

PROFILE

CG generalist and look-dev artist with two decades in feature film, episodic television, and advertising. Builds hero assets end to end, from sculpt and model through texturing, look-dev, and lighting, and carries them to final frame at photoreal fidelity. Comfortable owning a shot and working deep inside a large VFX pipeline, with real-time and generative tools folded in where they shorten the path to a finished image.

SELECTED CREDITS

FILM	Extraction II · No One Will Save You · The SpongeBob Movie: Search for SquarePants · The Judge · Contraband
TELEVISION	Star City (Apple TV) · One Piece (Netflix) · Godless (Netflix) main titles · American Horror Story, S6 · Class of '09 · Naomi
ADVERTISING	Google mobile & wearables · Honda · Ford · Nissan · AT&T · Nike · Samsung · U.S. Army · Super Bowl spots (PepsiCo, Larry David, Mr. Peanut)
GAMES & MUSIC	God of War and Splinter Cell: Blacklist trailers · Coldplay, "Viva la Vida" · Kanye West
Roles across CG generalist, asset build, character development, and look-dev.	

EXPERIENCE

Meta — Technical Artist V / VFX Artist, Contract	NEW YORK, NY · 2025–PRESENT
- Create and deliver CG and VFX content for internal development programs. - Work inside established production pipelines and toolsets to hit visual and narrative targets on compressed turnaround cycles. - Collaborate with large cross-functional VFX teams, holding consistency across output as volume and schedule pressure scale.	
Framestore — Senior 3D Generalist / Look-Dev Artist	NEW YORK, NY · 2024–2025
- Built hero assets and look-dev for Apple TV's <i>Star City</i> and Netflix's <i>One Piece</i>. - Sculpted facial blend shapes and fine surface detail; ran lighting and texture QA for photoreal fidelity across Maya and Arnold.	
ODD — Office of Development & Design — 3D Generalist / Look-Dev Artist	2023–2025
- Designed 3D assets and character systems for docu-commercial projects and product campaigns. - Integrated generative tools (Midjourney, Runway, Kling) into early-stage concept visualization.	
Preymaker — Senior 3D Artist / Lighting (Google Wearables)	2021, 2023
- Led lighting for Google mobile and wearable product films, balancing photoreal exposure against design clarity. - Rendered cinematic reveals of materials, surfaces, and UI in motion.	
FuseFX — CG Generalist	2021, 2022–2023
- Built hero-level environments and props for Netflix's <i>Extraction II</i> and other live-action VFX work. - Developed PBR materials and topology-optimized assets for lighting and compositing teams.	
Method Studios — Senior 3D Modeling Artist / 3D Generalist	MULTIPLE ENGAGEMENTS · 2012–2022
- Built 3D assets and animation for the main title sequence of Netflix's <i>Godless</i> (Method Design), featured on Art of the Title. - Asset, character, and look-dev work on <i>American Horror Story</i> (S6), <i>Contraband</i>, <i>The Judge</i>, and the AT&T "Everywhere" campaign. - Sculpted the Sumerian head featured in the Super Bowl spot "What's Your Thoughts?" with Larry David. - Modeled large-scale assets for a U.S. Army campaign, including ships, aircraft, and environments.	
Earlier Studios — CG Generalist / Animator / Lighting	2005–2021
Imaginary Forces · The Mill · Buck · MPC · R/GA · Trollbäck + Company · Hornet · Logan · Stardust · Nice Shoes · Loyalkaspar · Carbon · Silver Spoon · Scholar · Brand New School · Taylor James · WWE · Resident	
Began full-time at Resident, NYC (2005–2008), then freelance across broadcast design, advertising, game trailers, and music videos.	

EDUCATION

Pratt Institute — BFA, Computer Graphics · President's List	BROOKLYN, NY
--	--------------

TOOLS & EXPERTISE
